** This is subject to you being able to travel to either Mt Bruce or Bushy Park for the photograph with your chick or fit enough to make the trip into the release area.

"To protect and restore the natural and historic resources of the Rimutaka Forest Park valleys and environs, in order to contribute to the spiritual, mental, emotional and physical well-being of the wider community"

How the money is used

Operation Nest Egg – Removal of egg/s from the burrow for incubation and hatching, health screening.

Approximately 6 months in predator free crèche facility.

Equipment – chick transmitters, tracking gear.

Maintaining trapping network to keep them safe from stoats.

Advocacy and awareness – providing people the information to make informed decisions.

Other Costs

Training of kiwi handler/s.

Research on predator control and best practice techniques.

Kiwi Avoidance training for hunting and domestic dogs.

Increase of protective trapping zone.
